

## Club Ethos

---

**Hyde Park Harriers is a friendly and fun running club providing running for everyone.**

Hyde Park Harriers is a friendly and fun running club providing running for adults of all abilities. Everyone is welcome, regardless of your previous running experience. Whether you're a complete beginner or super-fast, if you're looking to improve your running, are training for a specific race/goal or just looking for a social group to run with, Hyde Park Harriers and its members will offer encouragement and advice to all.

Hyde Park Harriers also offers what we feel is a unique opportunity for non-affiliated members to run with us on a club night. Our only expectation is that runners adhere to our principle of friendly running for all, and to our code of conduct/acceptable behaviours.

### **Our aims are:**

- To offer inclusive coaching, support and encouragement to all affiliated members.
- To encourage participation, irrespective of ability, in competitive opportunities and support local races.
- To promote the club of Hyde Park Harriers within the local community both verbally, but also through social media, our website and local media and groups.
- To ensure a duty of care to all members of the club.
- To provide all its services in a way that is fair to everyone.

### **We will achieve this by:**

- Organising groups to meet the varied, mixed abilities of individuals allowing progression through the groups.
- Where possible, groups will have regular group leaders who have either trained as a Run Group Leader; have other professional qualifications within the field of sport; or be one of our more experienced group members.
- Providing at least one monthly group session to involve all members and non-members in a single activity.

- Running a variety of annual club championships across different terrains and distances, to encourage members to compete to the best of their ability and get involved in local races.
- Recognising the achievements of individuals at all levels.
- Holding social activities.
- Developing links with other local running clubs and running communities such as Woodhouse Moor and other Leeds parkruns.
